

# SUMMER CAMP

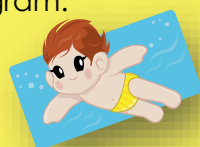

**Montessori** is an educational approach based on respect for human development. The most important goal of this program is to help every child reach his/ in all the areas of life.

By working in a carefully prepared environment that promotes respect and independence, children acquire a sense of worth, self-discipline, order, and love of learning.

## SWIMMING PROGRAM

Children six to twelve years may also participate in the **Swimming Program at the YMCA**. This program takes place twice a week. All the students who enroll in this program will be transported, supervised, and carefully assisted by New World Montessori School staff. An additional fee will be charged for this program.
